TITLE 10—ARMY: WAR DEPARTMENT

Chapter I—Aid of Civil Authorities and Public Relations

PART 108—COMPETITION WITH CIVILIAN BANDS

USE OF BANDS OFF MILITARY RESERVATIONS

Sections 108.1 and 108.2 are superseded by the following §§ 108.1 to 108.3 inclusive.

Sec.

108.1 Use of bands off military reservations.
108.2 Responsibility for enforcement of instructions.

108.3 Policy.

AUTHORITY: §§ 108.1 to 108.3, inclusive, issued under Sec. 35, 39 Stat. 188; 10 U.S.C. 609.

SOURCE: §§ 108.1 to 108.3, inclusive, contained in AR 250-5, 24 October 1945.

§ 108.1 *Use of bands off military reservations.* (a) Section 35, Act 3 June 1916 (39 Stat. 188; 10 U.S.C. 609), provides that no enlisted man in the active service of the United States in the

Army * * * whether a non-commissioned officer, musician, or private, shall be detailed, ordered, or permitted to leave his post to engage in any pursuit, business, or performance in civil life, for emolument, hire, or otherwise, when the same shall interfere with the customary employment and regular engagement of local civilians in the respective arts, trades, or professions.

(b) This law is intended to prevent the competition of military personnel with civilians.

(c) The following instructions pertaining to the use of bands which conform to the law quoted above will govern:

(1) Bands may be furnished on the following occasions:

(i) All military uses and occasions, that is, whenever and wherever a service band functions as part of the Nation's military forces. The music may be broadcast with the other features of the official program for the occasion.

(ii) All uses upon military and naval reservations, military and naval vessels, and other places or circumstances where a band is on duty with service forces.

(iii) When music is an appropriate part of official occasions attended by the superior officers of the Government and of the Army, Navy, and Marine Corps in their official capacities and in the performance of official duties. The music may be broadcast with the other features of the official program for the occasion. Such occasions do not include social occasions and entertainments, such as dinners, luncheons, etc., given by civilians or civil associations with such officers as guests.

(iv) Broadcasts from a military reservation of concerts by Army bands and music furnished by an Army band as part of an entertainment program when such program conforms to (ii) above.

(v) Broadcasts from a military reservation by Army bands or any part thereof for purely recruiting drives or, for the specific official purpose of presenting to the public certain matters considered by the War Department to be of sufficient importance to require dissemination by means of the radio systems and networks of America and which are not connected in any way with a commercial enterprise.

(vi) Musical programs at any United States hospital for the entertainment of its patients.

(vii) Concerts in the Capitol Grounds, Capitol buildings, and public parks of the city of Washington only.

(viii) At free social and entertainment activities conducted exclusively for the benefit of enlisted men and their guests in service clubs and social centers maintained for the use of enlisted men.

(ix) At official occasions and free social and entertainment activities held on or off military reservations: *Provided*, That such free social and entertainment activities are conducted exclusively for the benefit of officer personnel and their guests. The furnishing of bands or musicians on such occasions is discretionary with the commanding officer having jurisdiction in the matter.

(x) For parades and ceremonies incident to national gatherings of officers of the Army of the United States, veterans and patriotic organizations. These occasions do not include dinners, dances, or luncheons.

(xi) At public rallies and parades held exclusively for the sale of war bonds and stamps. If admission is charged the entire proceeds must be used for the purchase of stamps or bonds. The commanding officer having jurisdiction may determine the extent of participation with due consideration being given to interference with training. The cost of transporting the band for such activities may be charged against appropriated funds.

(xii) At public rallies and parades to stimulate munitions production. This applies particularly to such celebrations held at manufacturing plants in connection with plant awards.

(xiii) The Army Relief, the Army Emergency Relief, and the National Red Cross, when the entire proceeds are donated to these agencies.

(xiv) Football, baseball, basketball, track meets and other athletic contests in which one or more Army teams are participating.

(2) *Bands will not be furnished on the following occasions:*

(i) For civic parades, ceremonies, expositions, regattas, contests, festivals, local baseball or football games, activities or celebrations, etc., except as provided in subparagraph (1) of this paragraph.

(ii) For the furtherance, directly or indirectly, of any public or private enterprise, functions by chambers of commerce, boards of trade and commercial clubs or associations.

(iii) For any occasion that is partisan or sectarian in character or purpose.

(iv) For civilian clubs, societies, civic or fraternal organizations.

(v) For so-called charitable purpose of a local sectarian, or partisan character or any so-called charity that is not of a national character.

(vi) For broadcasts off a military reservation, except as stated in subparagraph (1) (v) of this paragraph.

(vii) For any occasion in violation of subdivision (i) of this subparagraph unless specifically authorized by the provisions of subparagraph (1) of this paragraph.

§ 108.2 *Responsibility for enforcement of instructions.* The enforcement of the instructions governing the use of bands is a command function and the responsibility therefore rests with appropriate commanders.

§ 108.3 *Policy.* It is not the policy of the War Department for officials of the Army to make arrangements with musicians' unions which would nullify the provisions of §§ 108.1 and 108.2.

Major General,
Acting The Adjutant General.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs

[T. D. 51344]

PART 9—IMPORTATIONS BY MAIL

UNENDORSED SEALED ARTICLES, FIREARMS,
AND CONTRACEPTIVE LITERATURE

1. Section 9.5 (b) and (c), Customs Regulations of 1943 (19 CFR, Cum Supp., 9.5 (b) and (c)), is hereby amended to read as follows:

§ 9.5 *Sealed mail parcels to bear label or endorsement.*

(b) When a sealed envelope or other parcel (other than parcel post) believed to contain merchandise is not endorsed or labeled as required, the postmaster will detain it in his custody and request the addressee to furnish written authority for a customs officer to open the parcel in the presence of a representative of the postmaster. If the addressee does not furnish such written authority within 30 days after the date of notice by the postmaster or within such further time as may be allowed, the parcel will be treated as undeliverable mail matter. If the parcel, upon being opened under proper written authority, is found to contain merchandise free of internal-revenue tax and free of duty either because unconditionally free or because the aggregate value of the shipment is not more than \$1 and the expense and inconvenience of collecting the duty accruing thereon would be disproportionate to the amount of such duty, the parcel may be delivered to the addressee without the collection of any fine on account of the article not having been endorsed or labeled in accordance with paragraph (a).

(c) Except as provided for in paragraph (b), if a sealed letter or other parcel not endorsed or labeled as required by paragraph (a) is found to contain merchandise subject to duty (including conditionally free merchandise) or subject to internal-revenue tax, the merchandise is subject to seizure and forfeiture as having been imported contrary to law. Under the authority contained in section 618, Tariff Act of 1930, any forfeiture so incurred is hereby mitigated to an amount equal to 10 percent of the loss of revenue which was or might have been sustained, provided there is no evidence indicating to the collector that failure to label or endorse the parcel was due to willful negligence or to an intent to defraud the revenue. If there is any such evidence, or if for any other reason the collector believes that it would not be in the interest of the United States to grant this relief, the matter shall be reported to the Bureau of Customs for instructions. When the shipment does not exceed \$100 in value, customs Form 3421 shall be used for the entry of the merchandise and the duty, any internal-revenue tax, and the amount of the mitigated forfeiture shall be entered as separate items thereon. If a parcel for which a mail fine entry has been issued in accordance with the foregoing provision is undeliverable, it will be returned to the collector of customs at the port where

the mail entry was issued, for disposition in accordance with § 9.12 (d) relating to articles subject to seizure. The addressee or sender may file a petition with the collector of customs at the port where the mail fine entry was issued for relief from the forfeiture incurred and for the release of the seized merchandise to the addressee or sender. (Secs. 593 (b), 618, 624, 46 Stat. 751, 757, 759; 19 U.S.C. 1593 (b), 1618, 1624)

2. Section 9.12, Customs Regulations of 1943 (19 CFR, Cum. Supp., 9.12), is hereby amended as follows:

a. Paragraph (a) is amended by adding the following sentence: "Pistols, revolvers, and other firearms capable of being concealed on the person are non-mailable, with certain exceptions (18 U.S.C. 361), and when received in the mails such nonmailable articles are subject to seizure and forfeiture under the customs laws."

b. Paragraph (d) is amended by inserting the words "and contraceptive literature" after the words "lottery matter" in the first sentence and by deleting the last sentence.

c. Paragraph (e) is amended by deleting the parenthetical matter at the end and adding the following:

Mail parcels which upon inspection or examination are found to contain contraceptive literature will be retained by the Postal Service, or shall be delivered to that Service by the Customs Service, for disposition under the Postal Laws and Regulations. If the Postal Service shall determine in any case that it is proper to release contraceptive literature to an addressee, such literature before delivery to the addressee will be turned over to the nearest customs officer located at a post office for treatment by customs in the same manner as other articles imported in the mails. (R. S. 161, secs. 305, 624, 46 Stat. 688, 759; 5 U.S.C. 22, 19 U.S.C. 1305, 1624.)

Commissioner of Customs.

Subchapter B—Export Control [Amdt. 101]

PART 802—GENERAL LICENSES

SHIP AND PLANE STORES, SUPPLIES AND EQUIPMENT

Paragraphs (a), (b) and (c) are amended to read as follows:

(a) A general license is hereby issued permitting exportation on freight and passenger vessels of registry of any country, except Germany and Japan, departing from the United States, of the following commodities:

Bunker fuel.
Deck, engine and steward department stores, provisions and supplies for both port and voyage requirements.
Medicinal and surgical supplies.
Equipment and spare parts for permanent use on a vessel when necessary for proper operation of such vessel and subject to approval by the Collector of Customs.

Provided, That such commodities are for use or consumption on board during the outgoing and any immediate return voyage, and are scheduled in such quantities as the Collector of Customs deems necessary and reasonable.

(b) (1) A general license is hereby issued permitting exportation on freight and passenger vessels of registry of any country, except Germany and Japan, departing from the United States, of food stores for consumption on board during the outgoing and any immediate return voyage: *Provided, That:*

(i) The total amount of said food stores does not exceed beyond 20 per cent, an amount equal to 6.25 pounds times the number of days of the voyage

for every crew member and passenger carried by such vessels; plus a tolerance not to exceed .15 pounds per man per day, when, due to packaging, food stores cannot be split up; and

(ii) The total amount of any specific food item, class or group of food items does not exceed the amount set forth for said food items, class or group of food items in subparagraph (4) of this paragraph.

(2) The operators of vessels shall furnish to the Collector of Customs requisitions based upon the information set forth in said food list, and shall furnish the following additional information: name of vessel; nationality; name of agent; approximate number of days required for the outgoing and return voyage; the vessel's probable itinerary; and the number of crew and passengers. When presenting a requisition for cigarettes to Collectors of Customs the operators of vessels shall also submit an inventory of the total number of cigarettes on board such vessels at the time of arrival in port.

(3) Foodstuffs to be used as lifeboat provisions are considered as "deck stores," and are not within the purview of this section.

(4) *Items and allowances authorized per man per day.* The allowable quantities per man per day are indicated in the table following. Where a number preceded by an asterisk (*) appears immediately after a food item, this refers to the conversion factor applicable to such item for the purpose of determining food value equivalents. In the case of such items, the weight shall be multiplied by said number in computing the total amount authorized for a certain item within the particular group or class. For example, each pound of dehydrated vegetables will use 6 pounds of the total of Group 6 food stores permitted under this general license.

(ii) For the product packed in containers (other than barrels and "John Strange pails") having a capacity of 11 pounds or more, he shall subtract $\frac{1}{4}$ cent per pound from the maximum price named for the appropriate area in Table 2 in paragraph (a) (1), above, for the corresponding style of pack of frozen red sour pitted cherries packed in containers (other than barrels and "John Strange

4. Section 5 is amended in the following respects:

a. The caption to section 5 is amended to read as follows:

2½ PERCENT TREASURY BONDS OF 1967-72

OFFERING OF BONDS

OCTOBER 29, 1945.

I. *Offering of bonds.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par and accrued interest, from the people of the United States for bonds of the United States, designated 2½ percent Treasury Bonds of 1967-72. The amount of the offering is not specifically limited.

2. These bonds will not be available for subscription by or for the account of others than individuals until December 3, 1945. Individuals are defined for this purpose as including partnerships (other

than securities dealers and brokers) and personal trust accounts.

3. These bonds will not be available for subscription, for their own account, by commercial banks, which are defined for this purpose as banks accepting demand deposits, except as follows: A commercial bank holding savings deposits or issuing time certificates of deposit (as each is defined in Regulation Q of the Board of Governors of the Federal Reserve System) may subscribe, from December 3 to December 8, 1945 (both dates inclusive), to the bonds offered hereunder, to the 2½ percent Treasury Bonds of 1959-62 and the ¾ percent Treasury Certificates of Indebtedness of Series K-1946 offered simultaneously herewith under Treasury Department Circulars Nos. 777 and 778, respectively, and to Series F-1945 and Series G-1945 United States Savings Bonds, under Treasury Department Circular No. 654, Second Revision, as amended, but the amount of such subscriptions shall not exceed, in the aggregate, 10 percent of the combined amount of time certificates of deposit (but only those issued in the names of individuals, and of corporations, associations, and other organizations not operated for profit), and of savings deposits, as shown on the bank's books as of the date of the most recent call statement required by the supervising authorities prior to the date of subscription for such securities, or \$500,000, whichever is less, except that the aggregate amount of Series F and Series G Savings Bonds (Series 1945) held by such bank may not exceed the annual limitation of \$100,000 (issue price).

II. *Description of bonds.* 1. The bonds will be dated November 15, 1945, and will bear interest from that date at the rate of 2½ percent per annum, payable on a semiannual basis on June 15 and December 15, 1946, and thereafter on June 15 and December 15 in each year until the principal amount becomes payable. They will mature December 15, 1972, but may be redeemed at the option of the United States on and after December 15, 1967, in whole or in part, at par and accrued interest, on any interest day or days, on 4 months' notice of redemption given in such manner as the Secretary of the Treasury shall prescribe. In case of partial redemption the bonds to be redeemed will be determined by such method as may be prescribed by the Secretary of the Treasury. From the date of redemption designated in any such notice, interest on the bonds called for redemption shall cease.

2. The income derived from the bonds shall be subject to all Federal taxes, now or hereafter imposed. The bonds shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys. They will not be entitled to any privilege of conversion.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury. Except as provided in Section I of this circular, these bonds may not, before December 15, 1962, be transferred to or be held by commercial banks, which are defined for this purpose as banks accepting demand deposits; however, the bonds may be pledged as collateral for loans, including loans by commercial banks, but any such bank acquiring such bonds before December 15, 1962, because of the failure of such loans to be paid at maturity will be required to dispose of them in the same manner as they dispose of other assets not eligible to be owned by banks.

5. Any bonds issued hereunder which upon the death of the owner constitute part of his estate, will be redeemed at the option of the duly constituted representatives of the deceased owner's estate, at par and accrued interest to date of payment:¹ *Provided,*

(a) That the bonds were actually owned by the decedent at the time of his death; and

(b) That the Secretary of the Treasury be authorized to apply the entire proceeds of redemption to the payment of Federal estate taxes.

Registered bonds submitted for redemption hereunder must be duly assigned to "The Secretary of the Treasury for redemption, the proceeds to be paid to the Collector of Internal Revenue at ----- for credit on Federal estate taxes due from estate of -----." Owing to the periodic closing of the transfer books and the impossibility of stopping payment of interest to the registered owner during the closed period, registered bonds received after the closing of the books for payment during such closed period will be paid only at par with a deduction of interest from the date of payment to the next interest payment date;² bonds received during the closed period for payment at a date after the books reopen will be paid at par plus accrued interest from the reopening of the books to the date of payment. In either case checks for the full six months' interest due on the last day of the closed period will be forwarded to the owner in due course. All bonds submitted must be accompanied by Form PD 1782,³ properly completed, signed,

¹ An exact half-year's interest is computed for each full half-year period irrespective of the actual number of days in the half year. For a fractional part of any half year, computation is on the basis of the actual number of days in such half year.

² The transfer books are closed from May 16 to June 15, and from November 16 to December 15 (both dates inclusive) in each year.

³ Copies of Form PD 1782 may be obtained from any Federal Reserve Bank or from the Treasury Department, Washington, D. C.

and sworn to, and by a certificate of the appointment of the personal representatives, under seal of the court, dated not more than six months prior to the submission of the bonds, which shall show that at the date thereof the appointment was still in force and effect. Upon payment of the bonds appropriate memorandum receipt will be forwarded to the representatives, which will be followed in due course by formal receipt from the Collector of Internal Revenue.

6. Except as provided in the preceding paragraphs, the bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. *Subscription and Allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. It is requested that there be no trading in the securities allotted hereunder and no purchases of such securities other than on direct subscription until after December 8, 1945. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Others than banking institutions will not be permitted to enter subscriptions except for their own account. Subscriptions must be accompanied by payment in full for the amount of bonds applied for.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of bonds applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, and to the limitations on commercial bank subscriptions prescribed in Section I of this circular, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. *Payment.* 1. Payment at par and accrued interest, if any, for bonds allotted hereunder to individuals must be made on or before November 15, 1945, or on later allotment. Payment at par and accrued interest to December 3, 1945, or to date of later allotment, for bonds allotted to all others must be made on or before December 3, 1945, or on later allotment; *Provided, however,* That bonds allotted to life insurance companies, to savings institutions, and to States, municipalities, political subdivisions and similar public corporations, and agencies thereof, may be paid for, in whole or in part, at par and accrued interest, at any time or times, with payment to be completed not later than February 28, 1946. One day's accrued interest is \$0.068 per \$1,000. Any qualified depository will be permitted to make payment by credit for bonds allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its District.

V. *General provisions.* 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested

to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

Matheson to Fidelity Broadcasting Corporation (a Massachusetts corporation), 80 Mason Street, Boston, Massachusetts. The proposed transfer of control of the above licensee is based upon a contract entered into September 13, 1945 between Ralph G. Matheson, Alice E. Matheson, and three other stockholders of the licensee (sellers) and Fidelity Broadcasting Corporation (purchaser) under which the former agreed to sell to the latter all their common and preferred stockholdings in the licensee and to persuade other stockholders to do likewise for a purchase price for all the issued and outstanding preferred and common stockholders of \$625,000 plus amounts expended by licensee for frequency modulation (not exceeding \$25,000) plus the sum total of asset accounts (excluding fixed assets, (plant and equipment) and investment account of Broadcast Music, Inc., stock) over the total of current liabilities. The contract allocates specific amounts for payment of the preferred and common stock and provides that \$100,000 of the purchase price will be placed in escrow, which, together with the balance of the purchase price, shall be paid by the purchaser on the date of settlement fixed as the thirtieth day after Commission consent to the plan is effective or such other date as may be agreed upon.

Further details of the contract as well as pertaining to the application may be determined from an examination of the application on file at the offices of the Commission.

In the Commission's decision of September 6, 1945, granting the application for transfer of control of the Crosley Corporation (Docket No. 6767), it was announced that public hearings would be held to consider proposed new rules and regulations for the handling of assignment and transfer applications including provision for public notice by the applicant and the Commission of the filing of such applications and pertinent details in cases where a controlling interest is involved. Thereafter, on Octo-

ber 3, 1945, the Commission also gave public notice (10 F.R. 12926) that pending the issuance of such proposed new rules, hearing thereon, and final adoption, consideration of such applications would be deferred unless applicants desired to follow the procedure proposed in the WLW decision, and supplement their applications so as to come within the framework of the announced procedure including the provision for public notice. Pursuant thereto, the Commission was advised on October 19, 1945, that notice was inserted in the Boston Post (a Boston paper of general circulation) of the proposed transfer of control of the licensee and sale of the properties of WHDH and associated stations as indicated above.

In accordance with the procedure proposed in the WLW decision and that announced in the Commission's release, no action will be had upon the WHDH application for a period of 60 days from September 24, 1945, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract.

In the Commission's decision of September 6, 1945 granting the application for transfer of control of the Crosley Corporation (Docket No. 6767), it was announced that public hearings would be held to consider proposed new rules and regulations for the handling of assignment and transfer applications including provision for public notice by the applicant and the Commission of the filing of such applications and pertinent details in cases where a controlling interest is involved. Pursuant thereto the Commission was advised on October 13, 1945, that notice was inserted in the Philadelphia Inquirer and the Legal Intelligencer (both Philadelphia papers of general circulation) of the proposed assignment of the licenses and sale of the properties of WFIL and associated stations as indicated above.

In accordance with the procedure proposed in the WLW decision and that announced in the Commission's release no action will be had upon the WFIL application for a period of 60 days from October 30, 1945, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above-described contract.

The following applicable charges may be added to these adjusted prices:

(1) *Charges.* (i) A charge for extra, special and optional equipment not to exceed the list or established price the Ford Motor Company had in effect on March 31, 1942, to the applicable class of purchasers for such equipment (subject to the discounts and deductions in effect on that date to the applicable class of purchasers).

(iii) A charge for transportation which shall not exceed the actual rail freight charge for shipment of a truck from Dearborn, Michigan, the basing point, to point of delivery including the 3% Federal tax on the transportation of property. (iv) A charge to include the Federal tax on tires and tubes and other federal excise taxes, and State or local taxes on the sale or delivery of the truck.

(b) A reseller of Ford Motor trucks is authorized to sell, delivered at its place of business, each of the Ford trucks referred to in paragraph (a) at a price not to exceed the total of list price in subparagraph (1) below and the applicable charges in subparagraph (2) below, subject to the discounts the reseller had in effect on March 31, 1942, to the applicable class of purchaser.

(1) *List price.* The retail list price of \$1,000 when the 8-cylinder, 90 horse power, 122" wheelbase chassis with cab and express box is being sold or in the case of other one ton truck models the list price determined by the manufacturer under paragraph (a).

(ii) A charge for transportation which shall not exceed the actual rail freight charge Ford Motor Company would make for the transportation of the truck from the factory to the place of business of the reseller.

(iii) A charge to cover the Federal tax on tires and tubes and other federal excise taxes.

(iv) A charge to cover State and local taxes on the reseller's purchase, sale or delivery of the truck model being sold computed in accordance with the reseller's method in effect on March 31, 1942.

(v) The reseller's charge in effect on March 31, 1942, for handling and delivery.

(vi) The dollar amount of all other charges which the reseller had in effect to the applicable class of purchasers on March 31, 1942.

(c) A reseller that cannot establish a price under paragraph (b) because it was not in business on March 31, 1942, shall determine its maximum price by adding to the retail list price for the applicable truck determined in accordance with paragraph (b) (1), the following applicable charges:

(1) *Charges.* (i) The original equipment retail charge that the Ford Motor Company suggested on March 31, 1942, be made by resellers, for extra, special and optional equipment attached to the truck as original equipment.

(ii) A charge for transportation which shall not exceed the actual rail freight charge Ford Motor Company would make for the transportation of the truck from the factory to the place of business of the reseller.

(iii) A charge equal to the charge made to the reseller by the Ford Motor Company in accordance with its March 31, 1942 method, to cover the Federal tax on tires and tubes and other Federal excise taxes.

(iv) A charge equal to resellers expense for payment for State and local taxes on the purchase, sale or delivery of the truck.

(v) A charge equal to reseller's actual expense for handling and delivery.

(d) A reseller of Ford motor trucks in a territory or possession of the United States is authorized to sell each of the trucks referred to in paragraph (a), at a price not to exceed the applicable maximum price established in paragraph (b) or (c), to which it may add a sum equal to the expenses incurred by or charged to it, for payment of territorial and insular taxes on the purchase, sale or introduction of the truck; export premiums; boxing and crating for export purposes; marine and war risk insurance; and landing, wharfage and terminal operations.

it is authorized to determine by this order for all models within the one ton commercial line of its manufacture as authorized by paragraph (a) above.

(f) All requests not granted herein are denied.

(g) This order may be amended or revoked by the Administrator at any time.

NOTE: Where the manufacturer has an established price in accordance with section 8 of Revised Maximum Price Regulation 136, which is different than a price permitted under paragraph (a) because of substantial changes in design, specifications or equipment of the truck, the reseller may add to its price under paragraph (b), (c) or (d) any increase in price to it over the price it would otherwise pay under paragraph (a), plus its customary markup on such a cost increase, but in the case of a decrease in the price under paragraph (a) the reseller must reduce its price under paragraph (b), (c) or (d) by the amount of the decrease and its customary markup on such an amount.

This order shall become effective November 7, 1945.

Issued this 7th day of November 1945.
